# Structure of presentation

- Background
- Implementation
- SMART in partner countries

# Cambodia

**Partner coordinating agency: Cambodia National Authority for Combating Drugs (NACD)**

**National Commune Competitive Plan: Provincial/municipal drug control commissions set up; drug focal points appointed; provinces feed data to the central authority; pilot province**

- **2 National Workshops**

**Technical capacity building**

- **DAINAP training**

**National situation assessment discussions**

# Indonesia

**Partner coordinating agency: Indonesia National Narcotics Board (BNN)**

**National Workshop:**

- **Facilitate inter-agency and inter-sectoral discussions (law enforcement - health and treatment – forensics)**
- **National data collection network integrated**
- **Other results achieved**

# Malaysia

**Partner coordinating agency: Malaysia National Anti-Drug Agency (NADA)**

**National Workshop:**

- **Facilitate inter-agency and inter-sectoral discussions (law enforcement - health and treatment – forensics)**
- **National data collection network integrated**

# Myanmar

**Partner coordinating agency: Myanmar Central Committee for Drug Abuse Control (CCDAC)**

**2 National Workshops:**

- **Facilitate inter-agency and inter-sectoral discussions (law enforcement - health and treatment – forensics)**
- **Identify needs**
- **Priorities identified**
- **Agreement made to collect ATS use data in Drug Treatment Centres (DTCs) and Drop-In Centres (DICs)**

**Technical capacity building**

**- Providing assistance in data collection and analysis**

# Philippines

**Partner coordinating agency: Philippines Dangerous Drugs Board (DDB)**

**National Workshop:**

- **Facilitate inter-agency and inter-sectoral discussions (law enforcement - health and treatment – forensics)**
- **Identify needs**
- **Prioritise activities**

**Technical capacity building**

- **Training on software for online data-sharing network (IDADIN)**
- **TNA for forensic laboratories**

# Thank you
