Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		1,009	998	11
ATS		36	36	
Cannabis-type		661	658	3
Opioids		312	304	8

Breakdown by age (persons):

Adults: 1,005 Minors: 4

Total number of Offences: 350

Trafficking

Year: 2013 Source: ARQ

Type of formal contact*: Number of persons arrested

At which stage data collected*: After investigation ('output' statistics)

Number of persons brought into formal contact:

Breakdown by drug and gender (where available):

Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		686	679	104

Breakdown by age (persons): Adults: 679 Minors: 7

Total number of Offences: 1,222

Year: 2012 Source: ARQ

Type of formal contact*: Number of persons arrested

At which stage data collected*: After investigation ('output' statistics)

Number of persons brought into formal contact:

Breakdown by drug and gender (where available):

Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		686	660	26

Breakdown by age (persons): Adults: 681 Minors: 5

Total number of Offences: 1,139

Year: 2014 Source: ARQ

Type of formal contact*: Number of persons suspected

At which stage data collected*: After investigation ('output' statistics)

Number of persons brought into formal contact:

Breakdown by drug and gender (where available):

Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		539	520	19

Breakdown by age (persons): Adults: 531 Minors: 8

Total number of Offences: 1,046

Caution: Breakdown should normally be consistent with totals. In particular, the sum of adults and minors should normally coincide with the total number of persons under "All illicit drugs" (in bold). However, the number of persons is distinct from the number of offences. Inconsistent breakdowns into male/female or adult/minor are highlighted in yellow

Australia

Possession/Abuse

Year: 2014 Source: ARQ

Cannabis-type		61	59	2
Cocaine-type		33	32	1
Hallucinogens		3	3	0
Opioids		86	78	8

Breakdown by age (persons): Adults: 300 Minors: 6

Total number of Offences: N/A

Year: 2011 Source: ARQ

Type of formal contact*: Number of persons suspected

At which stage data collected*: When the offence is reported to the police ('input' statistics)

Number of persons brought into formal contact:

Breakdown by drug and gender (where available):

Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		306	284	20
Amphetamine		13	10	3
Cannabis-type		61	58	2
Cocaine-type		33	32	1
Hallucinogens		3	3	0
Opioids		86	78	8

Breakdown by age (persons): Adults: 300 Minors: 6

Total number of Offences: 307

Year: 2010 Source: ARQ

Type of formal contact*: Number of persons suspected

At which stage data collected*: When the offence is reported to the police ('input' statistics)

Number of persons brought into formal contact:

Breakdown by drug and gender (where available):

Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		483	433	47
Amphetamine		5	3	1
Cannabis-type		164	148	16
Cocaine-type		44	40	4
Hallucinogens		4	4	0
Opioids		105	97	6

Breakdown by age (persons): Adults: 454 Minors: 25

Total number of Offences: 483

Caution: Breakdown should normally be consistent with totals. In particular, the sum of adults and minors should normally coincide with the total number of persons under "All illicit drugs" (in bold). However, the number of persons is distinct from the number of offences. Inconsistent breakdowns into male/female or adult/minor are highlighted in yellow

Total number of Offences: 41

Caution: Breakdown should normally be consistent with totals. In particular, the sum of adults and minors should normally coincide with the total number of persons under "All illicit drugs" (in bold). However, the number of persons is distinct from the number of offences. Inconsistent breakdowns into male/female or adult/minor are highlighted in yellow

Breakdown by age (persons): Adults: Minors:

Total number of Offences: 562

Year: 2014 Source: ARQ

Type of formal contact*: Other than number of persons arrested/suspected/cautioned.

At which stage data collected*: After investigation ('output' statistics)

Number of persons brought into formal contact:

Breakdown by drug and gender (where available):

Drug Type	Specification (where applicable)	Total	Male	Female
All illicit drugs		11,977	10,840	1,137
ATS		31	28	3

Cannabis-type		7,643	6,949	694
Cocaine-type		4,249	3,812	437
Opioids		54	51	3

Breakdown by age (persons):

Adults: Minors:

Total number of Offences: 7,471

Caution: Breakdown should normally be consistent with totals. In particular, the sum of adults and minors should normally coincide with the total number of persons under "All illicit drugs" (in bold). However, the number of persons is distinct from the number of offences. Inconsistent breakdowns into male/female or adult/minor are highlighted in yellow

Yemen

Possession/Abuse
